At Zonova Opvang (Zonova Childcare), every child is welcome. We encourage them to explore and grow with joy. In our preschools, learning through play is key, and we provide good preparation for primary school. After school, our BSO offers an inspiring space to relax, play, and discover new talents.

From preschool to after-school care: Zonova Opvang provides room to play, learn, be yourself, and connect with others and the world around you. **Ubuntu – I am because we are.**

Zonova opvang en onderwijs is a foundation that includes **19 primary schools, 23 preschools**, and various childcare locations in Amsterdam Zuidoost. Every day, more than **750 educational professionals** are committed to supporting the development of over **5,500 children**. Guided by optimism, resilience, and Ubuntu, we work towards equal opportunities and strong community connections.
